Situation Overview

- Heavy rainfall caused by Tropical Storm Son Tinh on 18-19 July 2018 has caused flooding in the provinces of Attapeu, Savahnakhet, Khammouane, Xayabouli, Bolikhamxay, Luangprabang, Bokeo, Sekong, Xiengkhoang and Oudomxay.
- On 24 July 2018, a huge amount of water overflowed the construction site of the Xepien- Xenamnoy hydropower dam, causing a flashflood through eight villages downstream.

- Ban Nongkhae
- The flash floods have caused severe impacts on Housing, Property and Livelihoods. Based on Government information this includes:
 - 20 Houses were totally damaged
 - 223 Houses were partly damaged
 - 14 Bridges were damaged
 - Roads were damaged
 - Paddy fields were flooded in many areas
- Impacts on human lives include:
 - 41 affected Districts
 - 357 affected villages
 - 3,747 affected Families
 - At least 5 people killed and 34 missing
 - Over 324 families (around 1,494 people) evacuated and registered to stay at temporary emergency shelters.
- Impacts on Lifelines and Public Infrastructures include the following:
 - Clean water systems were cut off.
 - In Attapeu province, helicopter and boat are the only means of transportation in the affected areas. The road system is disconnected.
 - Schools in the safe areas are being used as evacuation centres.
- Based on the primary assessment conducted by the Government, the following immediate needs have been identified:
 - Tents for emergency shelter for 1,300 families
 - Family kits for 1,300 families
 - Personal Hygiene Kits for 6,000 people
 - Housing repair kits
 - Filled Office with operations system and support equipment
- Reports from the Xe-Pian Xe-Namnoy Power Company indicate that Saddle Dam D is unsafe due to heavy rainfall, with water overflowing the dam wall. If the dam breaks, over five thousand million tons of water would flow downstream of Xe-Pian River. The report requests evacuation of everyone downstream Xe-Pian River to higher ground.

Humanitarian Response

- The Local Disaster Prevention and Control Committee at provincial and district levels have conducted the first response actions.
- Military and Police officers together with concerned government sectors have been deployed to search, rescue and evacuate victims to safer areas. Three helicopters and rescue boats have been deployed to evacuate the victims.
- The Prime Minister of Lao PDR and ministers from line ministries within the National Disaster Prevention and Control Committee visited the affected districts and provide guidance on emergency response and disaster relief.
- Incident Command Posts have been set in the districts to control the situation in an effective and timely manner.
- The Social Welfare Department of the Ministry of Labour and Social Welfare as the Secretariat for the National Disaster Prevention and Control Committee called an emergency meeting on 24 July, with the participation of Disaster Management Focal Points from line ministries, to exchange information and discuss the situation. Immediate counter-measures have been identified and are expected to be endorsed shortly.
- On 24 July 2018, the Government of Lao PDR has issued Notice No. 1105/PMO, declaring the affected areas in Sanamxay District, Attapeu province as Disaster Areas. A letter mobilizing assistance from the Ministry of Labour and Social Welfare on behalf of the Chair of National Disaster Prevention and Control Committee has also been issued.
